Create session ideas

Have any students in the classroom who speak another language or celebrate traditions which are not yet on ENACT Europa menu? Grow your cross-cultural classroom by setting a club session time to assist the student/s to create their own activity on ENACT Europa. Completely free of charge, the activity can be

submitted onto the app by any verified user with an account you can create [here](#). Follow the steps of how to create your activity listed in the [user guides](#), and share the tradition with the rest of your pupils – and with the world!
