

The ENACT Web App Prizes 2024

The ENACT Web App Prizes will be awarded to the people who upload the best cultural activities for language learning using the ENACT 'CREATE' author software during the period 15 January to 31 May 2024. We aim to increase the number of languages and cultures on the ENACT app by rewarding materials in languages and cultures which we do not already have. There are 3 prizes, each of £100. All winners will also receive an ENACT Web App Gold Certificate. All materials will feature on the front page of all ENACT media and the activities will be promoted around the world on the website. One prize is for Best Materials for a New Language and Culture. This must be for a language which does not already feature on ENACT as of 15 January 2024. Two prizes are for Best Materials in an Endangered Language and Culture. These should be for a language on a list of endangered languages, e.g. https://en.wikipedia.org/wiki/Lists_of_endangered_languages This must be for a language which does not already feature on ENACT as of 15 January 2024.

The cultural activity for language learning can involve learning any language and any cultural activity. There is no cost to making an entry.

Entries will be judged during June 2024 and the winner and runners-up announced on July 12 2024.

To enter for the ENACT Web App prize:
