

Communities, Languages, and Activities App

www.enacteuropa.com

We are producing an app for you to explain to people how to carry out your favourite cultural activity in your own language. For example, your activity can be to teach others Morris dancing or the Dabkeh, how to carve pumpkins for Halloween, or how to play the Ney.

We want to **understand users' cultural and digital needs** to guide the app design. You are invited to join our **research workshop**.

We have **childcare**, **food and drinks**, and **language support**. You will:

- **Talk** about your cultural activities.
- **Try out** the online activities we have created using a tablet.
- **Create** a simple online interactive activity and **use** a 360 camera.
